NEWSLETTER APRIL 2024

- Working Bee at Loch Sport house June 22nd-23rd.
Come down and lend a hand, bring your rods.
- Fish of the Month: David Oxland with his 76cm Flathead
- The Longest Whiting competition was won by Stan Kolbe with his 45cm Whiting.
- Our next 3 monthly species competition starts April 1st – June 30th Heaviest Trout.
- A lot of discussion was held around the recording of your catch. There is a Monthly Catch sheet on the Anglers Notice Board at Club Noble. If you catch a fish worth recording, get it noted on the Monthly sheet. It could be in the running for Best in Species or Fish of the Month otherwise your catch goes unnoticed/unrecorded. Write it up yourself or email/text Neil or Bernard and it can be recorded for you. After all this is a fishing club.
- There was also more discussion about sharing accommodation for the members on away from home events to help lower the cost. So if you would like to compete and would like to find out if it is possible to share accommodation with another club member please ask at our meetings and/or let me know so I can put it in the Newsletter.
- A big thank you to Gary Besley for donating a new King size bed for the Loch Sport house.
- Don't forget all your Club Information can be found on our website such as Loch Sport Bookings, Club Competition points, Syllabus etc...

Some interesting articles to read from my recent Scandinavian trip to Norway, Finland and Estonia. Which included a reindeer ride, a sled dog ride and driving snow mobiles across frozen lakes. Graeme

Come to the Club early, use your Club Noble card, have a meal and a drink and gain some points and \$ value on your card.

A reminder to visit our Web site and Facebook to keep up with the club.

Norway – Bergen Fish Me Fish market (and seafood restaurant)

The best fish and the best fish restaurant in town. Norwegian Shrimp, small but sweet, King Crab, the ultimate crab, Langoustines, Lobsters, Stone crab claws and bodies, Mussels, Oysters and many types of fresh and salt water fish, trout, perch, salmon etc, Tinned fish and cavier.

Even whale meat as Cengiz is holding up for a photo here.

He kindly cut a few slices of smoked whale (Minke) for us to taste.

It tasted soft beefy and livery. Enjoyable as a few slices but with a growing aftertaste. You couldn't eat too much. Our tour group dined in the restaurant the night before, I had Mussels and chips.

Thanks Cengiz.

Note: Excessive number of King crabs are menacing the biodiversity in the fjords of Norway.

Ice fishing in Rovaniemi Finland

Safartica Ice fishing tours took us to a frozen lake wilderness in the middle of the forest 40mins drive from town. There were 4 of us fishing and only one of us caught a "fish". A Made (Finnish), Burbot (English) see below. I was expecting a pike or trout. This fish was a slimy catfish/blackfish type all of 6 inches long. It was sent back down the hole. Drill the hole, scoop out the ice to clear hole, put a worm on the jig hook, drop it down to the bottom, lift a little and jiggle the rod. All whilst standing in 8 inches of snow in boots.

Note One piece suits for warmth and dryness – issued to all.

Thanks Janni.
